

Rendino's Pizza

By: Jacob

In 1975 Rendino's opened for business and have been ever since. Patty Rendino is the manager of Rendino's. Her Dad and Mom started the business. Patty is really nice and her employees are really nice too. Their pizza was voted #1 in "Beacon's Best". Besides pizza they also have salads, pastas, and meatball or sausage sandwiches. It takes about a half of an hour to prepare before you have to pick up your order. They also have drinks and they have almost every kind. Patty gives pizza gummies to the kids. Now, that is AWESOME! They are open every night of the week. I would recommend getting her pizza. If your parents say "Where do you want your pizza from tonight"? I would say "Rendino's"!!!
